

JUST A BIT ABOUT US

At HPD, we like to keep things simple. You enjoy some sweet benefits, like readily available imported products and free shipping to your store within Canada on orders over \$1,000. We'll even ship it right to the doorstep of your end user if needed. Want to make sure you get those last few items in our inventory? Hold Orders do that while you build your order towards the free shipping threshold. You don't want to think about currency conversions or doing an extra border run? There's no need to guess the final price because it's on the invoice in Canadian Dollars and includes duties and import taxes! The odd dangerous goods fee may apply.

Are you worried about when you'll get the hottest new product? We allocate inventory based on when you place your order! And hey, we know how important it is to budget - that's why your benefit level is adjusted only once a year - to allow for the ups and downs of the seasons. You will move to your updated level after doing business with HPD for 12 months.¹

Join the Experts in Fun network and partner with us to share 15,000,000 Moments of Fun with Canadians by 2030. Let's create lasting memories together!
